

Martin Peirce Marvel Lecture Monday 1st September 2025

The lecture mainly consists of a mixture of effects suitable for Close-Up, Parlour and Stage performances involving Cards, Coins, Mentalism etc.. These routines are suitable for magicians of all skill levels! I explain how my mind thinks outside the box and creates clever ideas that don't necessarily require knuckle busting sleight of hand to wow an audience!

Here's a little bio with some more information on about me and the lecture should you require it...

“Martin 'Marvel' Peirce is a multi-award-winning magician with over 30 years' experience in the magical world. During this time, he has performed for many A list celebrities including most recently the Royal Family. As an extremely popular performer his presentation style concentrates on providing great entertainment to his audiences.

He is a regular contributor of magical articles with his unique tricks for The Linking Ring magazine amongst many other publications and they are always well received.

As an inventor of magic, Martin is known for thinking outside the box and creating winning commercial routines that are easy to learn but very strong in performance. Most famous in the magic world for his Sweet F.A. deck and Lucky Numbers book test, the effects that he has created are guaranteed to have that necessary

'Wow factor for the audience leaving them baffled but thoroughly entertained!

His work on how to achieve maximum impact with minimal work will amaze you along with his energy and passion he uses in every magical performance.

In his M.A.R.V.E.L. lecture Martin will demonstrate some of his most popular performance pieces that he uses with full explanations. It will feature exciting close-up effects as well as some original parlour and stage magic routines that are suitable for audiences of all ages. He will show you how he concentrates on making his audience members the stars of the show and creating happy memories for everyone involved. “
